Project Title: Somali Integrated Statistics and Economic Planning Capacity Building (P171160)

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN (ESCP)

1. The Federal Government of Somalia (FGS) is planning to implement the Somali Integrated Statistics and Economic Planning Capacity Building Project (the Project), with the involvement of Ministry of Planning, Investment & Economic Development. The World Bank has agreed to provide financing for the Project.

2. The FGS will implement material measures and actions so that the Project is implemented in accordance with the World Bank Environmental and Social Standards (ESSs). This Environmental and Social Commitment Plan (ESCP) sets out a summary of the material measures and actions.

3. In particular, this ESCP requires compliance with the provisions set out in the Stakeholder Engagement Plan developed for this Project and Labor Management Procedures to be developed for the Project.

4. The table below summarizes the material measures and actions that are required as well as the timing of the material measures and actions. The FGS is responsible for compliance with all requirements of the ESCP even when implementation of specific measures and actions is conducted by the Ministry, agency or unit referenced in point 1. above.

5. Implementation of the material measures and actions set out in this ESCP will be monitored and reported to the Bank by the FGS as required by the ESCP and the conditions of the legal agreement, and the Bank will monitor and assess progress and completion of the material measures and actions throughout implementation of the Project.

6. As agreed by the Bank and the FGS, this ESCP may be revised from time to time during Project implementation, to reflect adaptive management of Project changes and unforeseen circumstances or in response to assessment of Project performance conducted under the ESCP itself. In such circumstances, the FGS will agree to the changes with the Bank and will update the ESCP to reflect such changes. Agreement on changes to the ESCP will be documented through the exchange of letters signed between the Bank and the FGS. The FGS will promptly disclose the updated ESCP.

7. Where Project changes, unforeseen circumstances, or Project performance result in changes to the risks and impacts during Project implementation, the FGS shall provide additional funds, if needed, to implement actions and measures to address such risks and impacts.
