PROCUREMENT PLAN

Southern African Power Pool (SAPP) – Program for Accelerating Transformational Energy Projects

General

1. The PDO for this Project is to advance the preparation of selected priority regional energy projects in the Southern African Power Pool participating countries
2. **Project ID No:** (P126661)
3. **Project Implementing Agency:** Southern Africa Power Pool (SAPP)
4. **Bank’s approval Date of the Procurement Plan:** September 8, 2014
5. **Date of General Procurement Notice:** N/A
6. **Period covered by this procurement plan:** September 22, 2014 – March 22, 2016. This Procurement Plan covers a period of 18 months, including the period of implementation of the recently approved project preparation advance (PPA) and beyond. The Plan details the selected procurement packages that could be identified for this period, and notably those to be financed in the next few months under the PPA, as well as the related selection methods and Bank’s review obligations. The complete set of procurement packages will be identified when specific regional energy projects are selected for support and the needed procurement processes are better understood. The Plan will be updated accordingly and at least once a year throughout the life of the Project.

I. Goods and Works and Non-Consulting Services

7. **Prior Review Threshold:** Procurement Decisions subject to Prior Review by IDA as stated in Appendix 1 to the Guidelines for Procurement:

Notes:

1. **Training and capacity Building:** SAPP will identify the total cost of required training and prepare and submit to the Bank, for its prior review, a detailed training program. The training program will, inter alia, identify: (i) the training envisaged; (ii) the justification for the training, how it will lead to effective performance and implementation of the project (iii) the personnel to be trained; (iv) the selection methods of institutions or individuals conducting such training; (v) the institutions which will conduct training, if already selected; (vi) the duration of proposed training; and (vii) the cost estimate or specified cost of the training. Preparation and submission of a report, including to the Bank by the trainee upon completion of training would be mandatory.

2. **Operating costs:** For this project, the Bank has agreed with SAPP that the procurement methods for works, goods and non-consulting services as described in the *Procurement Guidelines* do not have to be followed for payments made for operating costs arising from the implementation of the project. Instead, the Bank has assessed SAPP’s own administrative procedures for these expenditures (during appraisal) and agrees that these procedures are adequate for procuring items for operating costs. The operating costs means the incremental expenses incurred by the Recipient on account of the activities, consisting of reasonable expenditures for travel cost, per diem for staff, office supplies, vehicle operation and maintenance, communication and insurance costs, banking charges, rental expenses, office and office equipment maintenance, utilities, document duplication/printing and consumables, except for salaries of the civil servants of the borrower country. These items will be procured using the implementing agency’s administrative procedures, which have been reviewed and found acceptable to the Bank. Contracts for these items should not be included in the procurement plan.
